- CAA believe the human resource as an investment rather than a cost.
- CAA is constantly adopting latest technology and best practice management procedure to guarantee the quality of our products and services as water and wastewater treatment engineering.

## Industrial Applications

Pharmaceutical  
Food & Beverages  
Alcohol  
Chemicals  
Oil & Gas  
Plastics  
Printed Circuit Board  
Electronics  
Pulp & Paper  
Power Plant  
Metal Finishing  
Painting  
Steel Mills  
Textiles

## Domestic Applications

- Construction Sites.
- Hotel & Resort.
- Hospitals.
- School & Universities.
- Biological Treatment for Other.
- Municipal & Residential.
- Shopping Malls.
- Land & Housing Development.
